

CORE MARKET

# SUSTAINABILITY + GREEN

## *SUSTAINABLE SOLUTIONS WITH SWICOFIL, EXPERT IN GREEN YARN AND FIBER SPECIALITIES*

A long held belief is that the textile sector and sustainability are not compatible at all. However, progressing technology and new production methods do not make a stop at the business of yarn and fiber production, but enabling an ecofriendly production.

### **FOR WHEN YOU WANT A SOMETHING SPECIAL MORE**

Swicofil for when you need a sustainable solution for yarn and fibers. Thanks to a vast supplier partner network worldwide, Swicofil is your hub for products that meet ecological standards, high quality and good workability.

For the world to become a little cleaner, a little greener.

#### **WHAT DOES SWICOFIL DO?**

Assessment of your project and its requisites, guided product development in collaboration with you, evaluation of chances and alternatives as well as raw material sourcing including the possibility to develop yarns up to your requirements.

#### **HOW DOES THIS BENEFIT ME?**

You invest less time, less money, and less worries in the overall sight as Swicofil knows the market, has the knowledge as well as the suitable products and further essential keypoints.

#### **FOR WHAT KIND OF PROJECTS?**

For any project where sustainability plays a considerable part.

## ADVANTAGES FOR YOU WITH SWICOFIL

- **LARGE RANGE OF PRODUCTS**

Over the years, you have had to intensively search the internet for your dream product and to contact countless suppliers in the hope to finally have found a suitable partner. Swicofil is your answer.

- **ADVICE, SUPPORT AND PRODUCTS FROM AN INDEPENDENT PARTNER**

Although Swicofil has close relationships with high qualitative supplier partners from all over the world, Swicofil is your independent partner who focuses on you and your needs.

Swicofil will thus not offer you anything we are not fully convinced it will suit your project or because we simply need to promote a special product. With Swicofil, you receive honest, pragmatic and effective solutions that focus on your satisfaction.

## CERTIFICATES

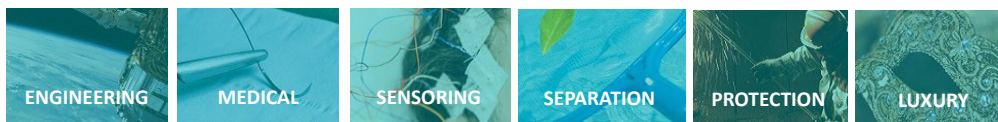

Swicofil offers yarn and fibers that meet the following eco-standards:

These standards are valid for selected materials only, not the entire product programme.
